## Important Information

This website is directed solely at investors who meet the UK Financial Conduct Authority (“FCA”) definitions of Eligible Counterparty or Professional Client, and should not be relied upon by other persons, such as Retail Clients, as defined under the FCA’s Rules.

In the UK this website is only available to persons who are (i) investment professionals (ii) high net worth investors and certain other entities; or (iii) to any other persons to whom such communications may lawfully be made (as set out within the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 (“PCIS Order”)).

## Regulatory Disclosure Notice

The information contained on this website is issued on behalf of Temporis Investment Management Limited (“TIML”), by Temporis Capital Limited (“Temporis Capital”). TIML is registered with the Central Bank of Ireland as an Alternative Investment Fund Manager (“AIFM”) and is the manager of the Temporis Aurora LP, the Temporis Operational Renewable Energy Strategy LP, the Temporis Renewable Energy LP, the TREF LP, and the Temporis Impact Strategy V LP (“the funds”) which are categorised under the Alternative Investment Fund Managers Directive (“AIFMD”) as Alternative Investment Funds.

Temporis Capital is authorised and regulated by the FCA and acts as the manager’s advisor in respect of the funds.

Neither TIML nor Temporis Capital (collectively “Temporis”) are permitted to conduct business with retail customers. The information contained on this website is intended for Professional Clients or Eligible Counterparties only.

Applications to invest in any product referred to on this website must only be made on the basis of the full documentation relating to the specific investment. Under FCA Rules, local authority pension funds are deemed to be retail clients unless they specifically request to be reclassified as a professional client. Electing to be treated as a professional client will require the local authority pension fund to demonstrate that they meet the criteria set out in the FCA’s Rules. If this strategy is of interest to you, Temporis will work with you to ensure qualification as a professional client.

Due to marketing restrictions in certain jurisdictions, the website is only intended to be accessed in those jurisdictions where to do so would not constitute a violation of the local marketing laws. The material on the website is provided for your general information only. It does not constitute an offer to sell or the solicitation of an offer to buy any investment. It should also not be construed as advice on the suitability or otherwise of an investment, such suitability depending on all the circumstances of the party concerned. Nothing contained on the website constitutes investment, legal, tax or other advice nor is it to be relied on in making an investment or other decision. You should obtain relevant and specific professional advice before making any investment decision.

All expressions of opinion may be subject to change without notice. The content of the website may not be reproduced or distributed in any format without the prior written consent of Temporis. The information contained on the website has been given in good faith and every effort has been made to ensure its accuracy. However, Temporis accepts no responsibility for loss occasioned as a result of reliance placed on any parts of the contents of the website. Temporis makes no warranty as to the

accuracy of any such content or information. The terms and conditions applicable to individual investors will be set out in the applicable contract or offering document.

You should always bear in mind that:

- Projections, market outlooks, estimates and forecasts contained on this website constitute forward looking statements, and are based on certain assumptions and subject to certain known and unknown risks. Accordingly, such forward looking statements should not be relied upon as being indicative of future performance or events.
- The value of any investment, and the income from it, may go down as well as up. Your capital is at risk, and you may not get back all of your original investment.
- Rates of exchange may cause the value of underlying investments to go up or down.
- Movements in the value of investments will be amplified by the use of leverage at the asset level.
- Figures which detail past performance refer to the past and past performance is not a reliable indicator of future results.

Investment performance is subject to taxation which will vary depending on the specific tax situation of each investor and may be subject to change in the future. Prospective investors should consult their own tax advisers before they invest.
